

The Midnight Fiddle Band - Song List

Our repertoire! Spanning a huge range of genres and covering songs that everyone will know, in our own unique style. Remember, we've curated our set list from many years of experience and we know what will keep the energy high on the dancefloor. When making requests, please limit it to 10 songs either way (10 'please play's or 10 'please don't play's or a mixture of both) so that we can dynamically build the set list on the night around what you and your guests are responding well to - there are certain songs that are iconically The Midnight Fiddle Band, so we'll chat if they're not to your taste!
